"We connect science and diversity in one creative space". This slogan from early 2006 is still valid and aims to explain, that the research community of the PRBB is especially successful in multi-, trans- and cross-disciplinary science projects.

The Barcelona Biomedical Research Park (www.prbb.org) stays amongst the top international research locations and is still the largest biomedical research hub in Southern Europe. The PRBB, an initiative of the Government of Catalonia, the City Council of Barcelona and the Pompeu Fabra University (UPF), is physically connected to the ‘Hospital del Mar’ and offers space, services and infrastructures to seven independent research institutions that are closely coordinated amongst them.

A critical mass of **1,400 people from 45 different countries work at the PRBB**. It is a multidisciplinary park where experts from very different disciplines get cross-fertilized. They share a fully open research space and are highly successful in capturing competitive funding, especially for large scale projects. The aggregated research spending has reached 100 million € per year and the scope of research goes from bytes, molecules, cells and tissues to epidemiology and public health.

PRBB Auditorium

“The noblest pleasure is the joy of understanding”
Leonardo da Vinci
The PRBB, as a scientific facility for biomedical research, complements its services with an **auditorium designed for holding scientific conferences**. It is located on a raised level, in the heart of the PRBB building overlooking the sea, across from Barceloneta beach, with independent access from the rest of the building and capacity to accommodate up to 250 people.

The PRBB auditorium is a **single space with areas** (auditorium deck and covered inner square) to house coffee breaks, cocktails, meals, posters, stands and others.

The PRBB Auditorium hosts a comprehensive range of **audiovisual equipment** controlled by experienced technicians who are on hand throughout your event. See the AV & technical services page for more details.
PRBB Auditorium Deck

“Our science is a drop, our ignorance a sea.”
William James
The PRBB auditorium deck is a single space designed to house coffee breaks, cocktails, meals, posters, stands and others. It is included in the auditorium hiring and it can be hired independently.

It is located on a raised level, in the heart of the PRBB building overlooking the sea, across from Barceloneta beach, with independent access from the rest of the building and capacity to accommodate up to 250 people.
Inner Square

“Some of the most important future innovations will not come from new technologies, but from new forms of collaboration.”
Thomas Malone
The **PRBB inner square** is located on the ground floor level, in the heart of the PRBB building, with independent access from the rest of the building and capacity to accommodate up to 1500 people.

With two different areas designed to house coffee breaks, cocktails, meals, posters, stands and other kind of events as art exhibitions or concerts, the covered area is included in the auditorium hiring – it can also be hired independently- and the open air area includes the use of the soundsystem. See the AV & technical services page for more details.
Inner Square Rooms

The PRBB, as a scientific facility for biomedical research, complements its services with **four rooms designed for holding conferences, seminars, workshops, trainings meetings and others**. Located on the groundfloor level, in the heart of the PRBB building, with independent access from the rest of the building, natural lightning and with capacities ranging from 30 to 90 seats in theatre layout, the rooms are named with some of the most relevant scientists of history.

The PRBB inner square rooms include in its hiring the possibility of using a part of the inner square covered area to house coffee breaks, meals and poster sessions. The PRBB inner square rooms host a comprehensive range of **audiovisual equipment** controlled by the user. See the AV & technical services page for more details.

CONDITIONS
PRBB Auditorium

Services included
• Use of audio and video equipment
• Electricity for heating and ventilation or air conditioning
• Audio and video technician
• Cleaning
• Movable signage
• Wi-Fi

Services not included
• Simultaneous interpretation service
• Receiver devices for simultaneous interpretation
• Security staff (only hireable at PRBB)
• Auxiliary staff room
• Ushering and hosting services
• Event organization services
• Catering service
• Maintenance service for assembly or set up furniture or electrical, video and audio systems

Target customers
The Auditorium is mainly available for the PRBB research centers and their associated activities (congresses of scientific associations, etc.). It is also available for external companies who wish to choose it for their activities, preferably of a scientific nature. The PRBB will assess the suitability and the viability of all applications presented.

Use of the spaces
The space and equipment will be available for the agreed time. The auditorium deck and the covered inner square are considered Auditorium spaces. The access to the Auditorium will be strictly though the stairs located at the inner square of the building and always require security personnel to be open. For people with limited mobility, the access will be through the building reception.

Technical service
The PRBB has its own AV technical service which takes care of video projection, sound, etc. This service is available (1 technician) for the agreed time in the space rental. If, due to the nature, duration or dates of the event, either of the parties deem it necessary to increase/extend this service, the PRBB’s PR Department will supply it and invoice it to the organizer.

Person in charge
The applicant shall name a person who will hold the role of a coordinator and interlocutor with the PRBB’s PR Department during the preparation of the event and while it is being held, undertaking all aspects of the organisation such as: receiving the public, control of the capacity of the venue and keeping order, overseeing the activity in the auditorium (microphones, speakers’ needs…), liaising with the AV technician(s) during the event, compliance with Occupational Hazard Prevention regulations, and in general, any other organizational aspect of the event.

Materials reception
There is space available to store material in advance. Material may be received prior agreement reached with the PRBB’s PR Department.

Catering
The organizer may contract the catering company it wishes bearing in mind the space restrictions with regard to the number of participants and the fact that the areas available are the auditorium deck and the inner square covered area.

Rate application criteria:
1 * Rate: Internal entities of the PRBB.
2 * Rate: Internal entities of the PRBB, when the foreseen event is for profit or the organizing institution intends to charge registration fees or receive subsidies or aid to cover the expenses of the organization.
3 * Rate: Entities external to the PRBB.
These rates are the minimum prices that the PRBB Consortium will charge for the use of the PRBB spaces. The general director and the general administrator are empowered to agree to lower rates in special cases or for certain entities or institutions.
